

NOW HIRING: myPower Energy Associates

Summary:

The myPower Energy Management Outreach Program is looking for currently enrolled UC Berkeley students to serve as Energy Associates. The Interns will support work being done to reduce campus energy use and conduct energy surveys in campus departments and offices. This is a paid position at \$10-15/hour, and a total of 100-120 hours of work is possible.

Job Responsibilities:

Assist the myPower Energy Management Outreach Program team in conducting and documenting energy surveys, through actions such as:

- Work in teams of 2-4 to schedule and conduct energy surveys in campus buildings
- Analyze and document results of surveys, along with recommendations on energy-saving actions
- Present findings to building occupants
- Limited work with building occupants to implement recommendations
- Researching energy-efficiency strategies and best practices that could benefit campus

The Ideal Candidate:

- Be a student currently enrolled at UC Berkeley
- Is comfortable doing independent work, is detail-oriented
- Is interested in energy conservation; familiarity with laboratories a plus
- Is a self-starter who needs minimal guidance; leadership experience a plus
- Is comfortable working as part of a team
- Has excellent research and writing skills
- Can commit to working at least 5 hours/week
- Is available at least part of the Summer and Fall 2012 semester

How to Apply:

Please email your resume, cover letter, and availability to Erin Fenley (fenley@berkeley.edu). Position will be open until filled. Questions? Please Call 510-664-4681.

About Energy Management on Campus:

Energy Management at UC Berkeley is a comprehensive program aimed at permanently reducing the amount of energy the campus uses. It also empowers faculty, staff, and students to take smart, simple energy savings measures that will improve our environmental footprint and save the campus money – returning those funds to teaching and research. The Energy Management Program consists of four components: The Energy Office, Incentive Program, Energy Policy, and the myPower Outreach Program.
